Data Structures & Algorithm JAVA

Coding Ninja, Online

Mar 2023 - May 2023

Introduction To Java

Coding Ninja, Online

Jan 2023 - Mar 2023

PROJECTS

Landing Page - RESUME

Sep 2023 - Oct 2023

https://github.com/ProVikas999/Treue-Technologies/tree/2a1fdb198b662076760bc22eada3e9aeafa6c1de/MyResume-Landing Page

A beginner web project: Create an attractive landing page using HTML and CSS. Focus on layout, sectioning, headers, footers, color schemes, and alignment for a polished display of web development skills.

Claculator

Sep 2023 - Sep 2023

https://github.com/ProVikas999/Treue-Technologies/tree/2a1fdb198b662076760bc22eada3e9aeafa6c1de/Calculator

Develop a feature-rich calculator using CSS, HTML, and JavaScript. Create an interactive interface with error handling, memory functions, and unit conversion for a seamless user experience, demonstrating strong web development skills.

Unit Conversion Tool

Sep 2023 - Sep 2023

https://github.com/ProVikas999/Treue-Technologies/tree/2a1fdb198b662076760bc22eada3e9aeafa6c1de/Unit Converter

Design a user-friendly interface to input meters, select units, and convert to centimeters with a "Convert" button. Optionally, add more unit conversion choices. Demonstrates UI design and unit conversion skills.

Quotes or Testimonials

Sep 2023 - Sep 2023

https://github.com/ProVikas999/Treue-Technologies/tree/2a1fdb198b662076760bc22eada3e9aeafa6c1de/Quotes

Create a visually engaging display of inspirational quotes and testimonials about your admired person. Highlight their impact, character, and accomplishments to inspire and motivate visitors.
